1.1   About Frogs vs. Cars

Frogs vs. Cars brings classic arcade action to your PalmOS device.

Included in this archive are the following packages:

- •FrogsVsCars.prc
  This is the software package that you need to install on
  your PalmPilot.

- •FrogsVsCars.pdf
  This is the users' manual for Frogs vs. Cars. You are reading it right now.

- •FrogsVsCars.txt
  This is a text only format of the users' manual. If at all possible, use
  the pdf version of the manual as it has layout and graphics that cannot
  be included in the text version. The pdf version of the manual is
  viewed using Adobe® Acrobat Reader®. This can be obtained free of
  charge at www.adobe.com.

- •SAStuff.txt
  A list of all of the software available from Stand Alone Inc.

1.2   System Requirements

Frogs vs. Cars is designed to work on both the PalmPilot 1000, 5000k, Profes-
sional and Personal units, as well as the Palm III device. Throughout this manual,
PalmPilot is used to refer to any of these units.

1.3   Registering Frogs vs. Cars

Frogs vs. Cars is Shareware, and costs $10

The Frogs vs. Cars Demo will work for a 30 day trial period. At the end of the 30
Days, it will stop working. To avert this tragedy, you will need to get in touch
with Stand Alone to register your software. You can register with us by several
different methods.

You will need to include the following information, no matter how you choose to
register. Most importantly, you need to include your name EXACTLY as it is
entered in your PalmPilot, including spaces. We use this to generate your pass-
word, so it must be precise. You will need to specify which programs you wish to

register, and include payment for each of them. We accept Visa, Mastercard, and American Express. If you are using normal mail, you can send us a check as well. Make sure to include your card number, the expiration date, and what type of card you are using. You also need to give us a way to get in touch with you. Email is the preferred way, followed by your address and phone number. An Email address is not strictly necessary, but it will result in much faster service.

For instant gratification, register by phone, and pay using Visa or Mastercard. To do so, call (773) 477-2492 and we will give you a password right over the phone.

Alternatively, you can send us a check to the address below.

You can also Email us. Just Email us the relevant information, and we'll send you a code. If you are registering through Compuserve, use, GO SWREG.

Once you register, you will receive a password from us. You can install this password one of two ways. There is an option to Enter Password via the Enter Password option in the menu. Tap on it to bring up a screen that has a space to enter the password.

1.4   Contacting Stand Alone Inc.
There are several ways to get in touch with us here at Stand Alone, Inc. Email is the preferred form of communication, but whatever works for you is fine. If you have any questions, comments, suggestions or compliments, please don't hesitate to contact us through any of the methods listed below.

1.4.1   Business Hours
Stand Alone is open from 9 AM to 8 PM Monday to Friday, and 10 AM to 4 PM Saturday. We are closed on Sunday. These times are CST and GMT -5.

1.4.2   Email
internet: info@standalone.com
AOL: Std Alone
CompuServe: 76342,3057

1.4.3   Phone
Voice: (773) 477-2492
Fax: (773) 477-2579

1.4.4   Regular Mail
Stand Alone
3171 N. Hudson, Suite 1
Chicago IL, 60657
USA

1.4.5   World Wide Web
http://www.standalone.com

1.5   Reporting Bugs

If you find a bug in our software, it would be helpful if you reported the bug to us. To report a bug, please Email us with Bug Report Request in the subject line. In the Email, include the following information:

- •What type of PalmPilot you are using (i.e. Personal)
- •The software name and version number (i.e. Frogs vs. Cars 1.0)
- •The error number
- •A brief description of how we can recreate the error
- •Your name and Email address so we can contact you when the bug is fixed

When reporting bugs, it is best to Email us, rather than calling, so that the programers have a written record of the information they need to solve the problem. As soon as we receive your Email, the programer will examine the problem, and fix it.. Because our programers are busy creating software, it can take a while for them to reply, but they will release a new version of the software that fixes the bug as soon as they can.
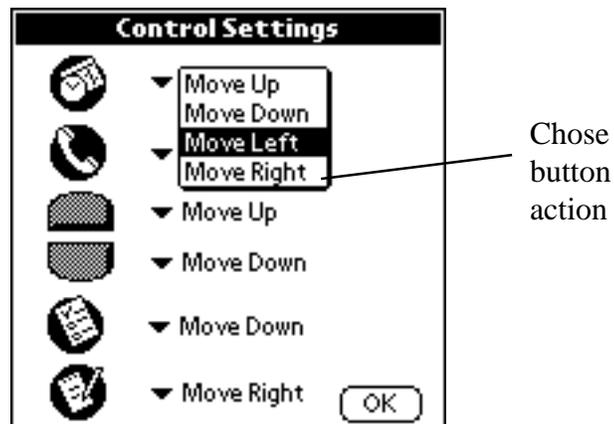

1.6   Version History

Version	Date	Notes
1.0	May 25, 1998	First public release

2 Playing Frogs vs. Cars

In Frogs vs. Cars, your goal is to get your frogs across a busy street and a fast moving river to the safety of their homes.

Frog who has made it home

Empty home

Remaining frogs

Score

Frog

Use the control buttons to move your frog across the street, avoiding the cars and trucks. Once across the street, get your frog across the river by leaping on to logs, turtles, and alligators. Finally, maneuver your frog into one of the five home spaces on the board.

2.1   Starting a New Game

To start a new game, tap the Menu silkscreen button and select New Game. Alternatively, you can use the Graffiti command Option-N to start a new game.

Select for new game

2.2   Setting the Controls

In Frogs vs. Cars, the controls for moving your frogs are set to the buttons at the base of your PalmOS device. The controls can be set however you like, through the Controls option found by tapping the Menu silkscreen button.

Select to set controls

The Controls screen shows you what direction your frog will move when any of the buttons are tapped. By selecting the picker next to a button, you can set the direction for that button.

Chose button action

2.3   High Scores

To see a list of all the high scores for Frogs Vs. Cars, tap on the Menu silkscreen button and select High Scores from the menu.
