Computer Clubs and User Groups wishing to add the TommySoftware® CAD/DRAW 4 "Try before you buy" package to their disk library may do so in accordance with the Distribution Restrictions listed below.

(If you would like your Computer Club or User Group to be placed on our mailing list for future upgrades to any of our products, please contact your country's TommySoftware® partner. For the address of the TommySoftware® partners, see the end of this text.)

Limited Distribution License

The local TommySoftware® partner authorizes distribution of TommySoftware® CAD/DRAW 4 only in accordance with the following restrictions.

ASP Approved Vendors in good standing are hereby given permission to distribute the shareware edition of the TommySoftware® CAD/DRAW 4 by means of catalog, or BBS. Any other form of commercial distribution by anyone requires prior permission.

Non-ASP member vendors must request permission prior to distributing this package.

The TommySoftware® CAD/DRAW 4 "Try before you buy" package is defined as containing all the material listed in the PACKING.WRI text file. If any files listed in the PACKING.WRI text file, or the

PACKING.WRI file itself, are missing, then the package is not complete and distribution is forbidden. Please contact us to obtain a complete package suitable for distribution.

The TommySoftware® CAD/DRAW 4 "Try before you buy" package - including all related program files and documentation files - *cannot* be modified in any way and must be distributed as a complete package, without exception. The PACKING.WRI text file contains a list of all files that are part of the TommySoftware® CAD/DRAW 4 "Try before you buy" package.

(Small additions to the package, such as the introductory or installation batch files used by many shareware disk vendors, are acceptable as long as the final installation of the TommySoftware® CAD/DRAW 4 is still performed by means of the original program INSTALL.EXE.)

No price or other compensation may be charged for the TommySoftware® CAD/DRAW 4 "Try before you buy" package. A distribution fee may be charged for the cost of the diskette, shipping and handling, as long as the total (per disk) does not exceed US\$ 10.00 in the U.S. and Canada, or US\$ 12.00 internationally.

Special Limitation to License for Electronic Distributors

It is a condition precedent to the Limited Distribution License, relating to the "TommySoftware® CAD/DRAW 4" (the "Software") granted to any Bulletin Board System ("BBS") or other distributor via electronic media ("Electronic Distributor"), that an Electronic Distributor may charge any person who downloads the Software from such Electronic Distributor, the lowest hourly fee available for connection time, and in no event more than \$5.00 per hour. It is strictly forbidden for any Electronic Distributor to charge any customer any additional fees for downloading the Software, including, but not limited to, any handling, transmission or downloading fees.

The Electronic Distributor acknowledges that violation of this limitation will cause TommySoftware extensive damages, including but not limited to, discouraging users of the Software from paying the required shareware fee to TommySoftware for continued use of the Software; that it will be difficult if not impossible to accurately calculate the actual amount of such damages; and that in an effort to liquidate such damages, and not as a penalty, each Electronic Distributor which distributes the Software agrees that in the event of violation of this provision, to the extent of enforcement of this Agreement in a jurisdiction where enforceable, the Electronic Distributor agrees to pay TommySoftware the greater of (i) twenty times the amount Electronic Distributor charges to a single user in violation of this paragraph or (ii) the amount of the license fee which TommySoftware requests for each copy of the Software multiplied by the total number of copies of the Software downloaded (less the number of downloads which pay such license fee).

Additionally, each entity which distributes the Software in violation of this paragraph agrees to be liable for TommySoftware's expenses to enforce this provision, including reasonable license fees and the fees for TommySoftware's attorneys. By permitting the upload of the Software and distributing the Software, the Electronic Distributor agrees that that: (i) this agreement supercedes of previous contracts between Electronic Distributor and TommySoftware®, North America, Inc. or TommySoftware® Germany or Thomas Maier; (ii) all such previous contracts shall be deemed amended so as to be governed by this paragraph; and (iii) this Agreement will be governed by the laws of the State of New York.

Disk Sets & CD-ROMs

The TommySoftware® CAD/DRAW 4 "Try before you buy" package *cannot* be sold as part of some other inclusive package. Nor can it be included in any commercial software packaging offer, without a written agreement from the local TommySoftware® partner and TommySoftware®. This includes any sales in a retail environment.

Vendors (non-ASP Vendor Members) who wish to distribute the TommySoftware® CAD/DRAW 4 "Try before you buy" package as part of a collection (such as a multi-program set, or a CD-ROM package) must obtain permission from the local TommySoftware® partner or TommySoftware® prior to beginning such a distribution. For distribution of the registered version, vendors must obtain permission directly from TommySoftware®.

If you wish to add any of our programs to a CD-ROM or other collection, please check the release date of the version you have. If the version is over twelve (12) months old then please contact us to ensure that you have the most current version. The release date of this version is stated at the top of this text..

Disk-of-the-Month (or Subscription) Distribution

The *printed* material may not be reproduced in whole or in part, using any means, without the written permission of TommySoftware®. In other words, the disk-based documentation may not be distributed in *printed* (hardcopy) form.

The TommySoftware® CAD/DRAW 4 "Try before you buy" package cannot be "rented" or "leased" to others.

You may not list any of our products in advertisements, catalogs, or other literature which describes our products as "Free Software". Shareware is "Try-Before-You-Buy" software, it is not free.

TommySoftware® prohibits the distribution of outdated versions of the TommySoftware® CAD/DRAW 4 "Try before you buy" package by anyone, without written permission from TommySoftware®. If the version you have is over twelve (12) months old, please contact us to ensure that you have the most current version. The release date of this version is stated at the top of this text.
