

THE ALTAMIRA CREATIVE COMPOSITION UPGRADE KIT

Creative Labs Special Offer for Altamira Composer SE Users!

Over \$1200 worth of software for **only \$249!**

Jump-start your way to creative new compositions with:

Altamira Composer - full boxed version (\$795 retail)

- the revolutionary new image composition application that brings the flexibility of object-based drawing to imaging. Unlike other imaging applications, with Altamira Composer, images are never "pasted down." You have total freedom to change, move or edit the images in your composition at any time. Altamira Composer also includes hundreds of innovative new anti-aliased tools and effects.

Altamira Image Object CD volume 1. (\$299 value)

- contains 100's of colorful, ready-to-use, pre-clipped image objects, 3D objects, and backgrounds.

Pixar One Twenty Eight CD, A Collection of Photographic Textures (\$299 retail)

- Pixar's private collection of high-quality, photographic textures. Each texture was specially designed for use in computer graphics and incorporates a patented technology which allows the textures to be tiled and can be easily accessed in Altamira Composer through plug-ins.

Unlimited Free Technical Support

- staffed by knowledgeable and creative specialists.
