READ ME BEFORE PRINTING!!!!

To print Apple datasheets or Product Orientation Guides, please read the following information.

Applications: Aldus PageMaker 3.02 and Aldus PageMaker 4.0

Required Fonts: ITC Garamond, Helvetica Condensed

To Print: If you haven't already done so, copy PageMaker 3.02 and PageMaker 4.0 from the CD onto your startup drive.

Using Font/DA Mover, which is found in the "Fonts & Software" folder on the CD, copy the ITC Garamond and Helvetica Condensed screen fonts from the CD into your "System" found on your startup drive. Then make sure you remove all existing Garamond printer fonts from your system folder and Suitcase. Next, copy the ITC Garamond and Helvetica Condensed printer fonts* into your "System folder" on your startup drive. The printer fonts should float freely within the System folder.

Restart your computer.

Printer Types: Apple LaserWriter IINT and IINTX, Personal LaserWriter NT

* The printer fonts are viewed as a document.
