Viewing the Canvas™ 3.0 Self-Running Demo...

- Allocate 4000K of memory in the Canvas™ 3.0 Get Info window.
- Double-click on the Canvas™ 3.0 Self-Running Demo icon.
- Choose the "Slides" command from the Layout menu.
- Click the "Play" button. Canvas will automatically advance each slide (layer) every three seconds and will run continuously until the Space Bar is pressed.

Approximate viewing time is 4 minutes.

***NOTE:** The Canvas™ 3.0 Self-Running Demo assumes that you are operating under System 7 and have installed the TrueType™ fonts included with the system software.*
