The Apple PowerBook G3 for Education Starting at \$1,799*

While supplies last, if you're an educator or administrator, you can order an Apple® PowerBook® G3 computer at an astonishingly low \$1,799. It's especially astonishing when you consider that the PowerBook G3 is one of the fastest notebook computers in the world.

Outperforms Pentium notebooks—and desktop computers.

It's not just stylish and portable, it's amazingly fast. It outperforms comparable Pentium and Pentium II processor-based notebook and desktop systems.** Built around the high-speed PowerPC™ G3 processor with performance-boosting backside level 2 cache, the Macintosh® PowerBook G3 provides ample power for your most demanding needs.

Multimedia capabilities built in.

The PowerBook G3 includes a high-quality 14.1-inch (diagonal) active-matrix display and either a high-speed CD-ROM drive or a DVD-ROM drive. What's more, it's got built-in Ethernet networking and an internal 56-Kbps fax modem so you can quickly connect to the Internet.***

Who is eligible?

You are eligible to order if you are an employee of a nonprofit (public or private) K-12 institution in the United States, a school board member, a current PTA or PTO executive serving as an elected or appointed officer, or a student or

employee of a nonprofit, degree-granting, accredited college or university in the United States. If you are eligible, you can purchase one system per calendar year. This offer is available only while supplies last.

How to order.

You can order direct from the Apple Store™ for Education at www.apple.com/education/store. For more information, call 1-800-780-5009.

* Prices may vary at your local campus computer reseller. Tax is not included.

** Based on BYTE mark integer index processor scores.

*** Data speeds up to 56 Kbps, fax speeds up to 14.4 Kbps. Actual download speeds vary with line conditions and your Internet service provider's modem capabilities. FCC regulations limit ISP transmission speeds to 53 Kbps in the U.S.

Certain limitations apply. All prices, products, specifications, and programs are subject to change without notice. Apple is not responsible for lost, misdirected, illegible, or incomplete purchase orders. Available in the U.S.A. only.
