

Release date: June 24, 1998

Welcome to Recognita Plus 4.0 **DEMO version**

Please read the contents of this file carefully because it contains new information which was not available at the time of printing the User's Guide. The screens may also look slightly different from those in the illustrations in the Guide due to Recognita Corp.'s strong commitment to improve the Recognita Plus software package.

Please check out our web-site at **www.recognita.hu** to see the latest additions or changes to the list of supported scanners and lots more information.

For further information please contact us:
