## **TWinExplorer™ Installation.**

**Copyright (c) PEPSOFT Intl. Ltd 1998. All rights reserved.**

TWinExplorer™ is distributed as twinx\_xx.zip (where xx is the version). This file can be decompressed by popular zip programs like E-mailZIP.

Unzip the file in a temporary directory and run Setup.exe. Simply follow the on-screen instructions to install TWinExplorer™. When the installation is complete, you can delete Setup.exe and the other files in the temporary directory you created.

If you wish to give copies of TWinExplorer™ to your friends, simply copy the twinx\_xx.zip file.

If you didn't receive your copy of TWinExplorer™ as twinx\_xx.zip containing Setup.exe and a readme file, please download it from our web site at:

<http://www.PEPSOFT.com>

It is strictly prohibited to distribute TWinExplorer™ in any way other than making exact copies of twinx\_xx.zip

## **TWinExplorer™ How to order.**

**Copyright (c) PEP SOFT Intl. Ltd 1998. All rights reserved.**

You may try out TWinExplorer™ free for the period of 30 days.  
If you wish to keep using it after one month, you must register it and pay a registration fee.

TWinExplorer exists in 3 versions :

- TWinExplorer (**US\$19.95**)
- TWinExplorer PlusImage, with image viewer inside (**US\$24.95**)
- TWinExplorer PRO, with image viewer+50 Speed Dir buttons listbox (**US\$29.95**)

**About the TWinExplorer Image Viewer feature (PlusImage & PRO version):**

You can browse all the standard image file types. A preview window appears in TWinExplorer to display the pictures. By double clicking in this preview window, the image will be displayed full size in a separate window and you can display as many images as you want in separate windows!

Note: If you order TWinExplorer PlusImage or PRO we will send you an access to download it on our web site.

### **Registration benefits:**

- Use of TWinExplorer™ per the license agreement,
- FREE upgrades for the version 1.x,
- Technical support via E-Mail for three months from the purchase date.

**You can order by SECURE order form on <http://www.pepsoft.com>  
or <http://TWinExplorer.com>**

Once you have registered, you will receive by E-Mail (same/next business day) or mail a personal registration number to enter into the program so it knows that you have registered.  
You may enter this number in exactly one (1) copy of TWinExplorer™, installed on a single computer.  
More than one person is allowed to use the software, as long as no more than one person uses it at the same time. Just like a book can be read by many people, but only by one person at a time.

If you want more than one person to be able to use the software at the same time, you must register a copy for each of them. Please contact [licenses@pepsoft.com](mailto:licenses@pepsoft.com) for site licenses.

For your convenience we have contracted NorthStar Solutions to process any orders you may wish to place with your VISA, MASTERCARD, or DISCOVER card.

### **Registering by Internet secure web site:**

<http://www.pepsoft.com>

To get your registration key you need to provide the following information:

- Your mailing address
- Your Visa, Mastercard, or Discover # and its expiration date
- Your E-Mail address (to receive your password)

After you order TWinExplorer, you will be e-mailed a user name and registration number that you can enter into the program so it knows that you have registered.

# TWinExplorer™ How to Use.

Copyright (c) PEPSOFT Intl. Ltd 1998. All rights reserved.

As the use of TWinExplorer is basically the same as Windows Explorer you will feel very comfortable. There are some new buttons for easy access to Refresh Directory, Creation of new folder, file search, and a rename file button. Also, notice the file filter that Windows Explorer doesn't have and of course the speed dir buttons.

All the four directory/file panels are resizable and of course the window is too.

## File Filter:

You can enter your own file filter masks, just type in one of the two file filter edit box. Your filters will be saved.

## Speed Dir buttons:

The speed dir buttons are a very smart way to quickly access to your favorite directories. (In TwinExplorer PRO version (\$29.95) you can program 50 Speed Dir access listbox !)

This is the way to program a button:

- Simply go into the directories you want in the first and second explorer
- Click 
- You will get this window:

If you want only program the button to access one directory uncheck the case of the directory you don't want.

Choose the number of the button and its name if you want to rename it.
