

Name: Oracle Login Test

Connection: SCOTT/TIGER

DatabaseName: ExampleDb

Database Table(s): None

Files: login.bas, login.exe, login.frm, logoerr.frm, logoerr.frx, ora7mc.ico, login.mak, login.wri

Purpose: A test to see whether or not you can properly log into an Oracle7 Database. Once the LOGIN dialog appears, enter your connection information. The next dialog contains the text:

ORA-00000 normal, successful completion

on success or some other message indicating an error.
