

Navigating through Personal Trainer

Navigating through Personal Trainer is quick and easy:

Jumps to the most recent menu.

Moves back one screen in the current lesson or, if this is the first screen in a lesson, Back moves to the previous menu.

Red numbers indicate step-by-step procedures to follow.

Lesson Title

Jumps to Crystal Reports' main Help Index.

Moves forward to the Next screen in the current lesson or, if this is the last screen in a lesson, Next returns to the lesson menu.

Indicates the end of a lesson.

Personal Trainer and Crystal Reports

The screenshot shows two overlapping windows. The background window is 'Crystal Reports' with a menu bar (File, Edit, Insert, Format, Database), a toolbar, and a text area. The foreground window is 'Personal Trainer' with a title bar, a logo, and a 'Building a Report' dialog box. A red circle highlights the minimize button in the Personal Trainer title bar. A blue callout box points to this button with the text: 'If Personal Trainer is in the way while you are working, use the Minimize button to reduce it to an icon until you need it again.' Another blue callout box points to the text area of the Crystal Reports window with the text: 'Personal Trainer sits on top of Crystal Reports to provide instruction while you work on your reports.' The 'Building a Report' dialog box contains buttons for 'Menu', 'Back', and 'Next', and a question 'Where do you want to...' followed by two radio button options: 'I want to build a report from scratch.' and 'I want to enhance my report with graphics.'
