Kai's Power Tools 3 SE
Microsoft Windows 95/Windows NT

Please fill out the Registration form located in the middle of this document, print it (page 3) and then fax or mail it. (See below for details on registration and installation instructions)

Call..**1-800-472-9025** to upgrade to the full version.

About Kai's Power Tools 3.0 SE:

KPT 3 SE is a limited set of the full version of Kai's Power Tools 3. While you will no doubt get lots of use out of this version, there's still much, much more to be had with the full-featured software. Where appropriate, Kai's Power Tools 3 will inform you of a feature that has been disabled, and outline the specifics of that feature as they work in the full version. Included in KPT3 SE:

· KPT Spheroid Designer · KPT Gradient Designer · KPT Texture Explorer · KPT Video Feedback

What do you get with the FULL version of Kai's Power Tools 3?

· The full version of Kai's Power Tools 3 includes: · KPT Interform · KPT Spheroid Designer · KPT Gradient Designer · KPT Texture Explorer · KPT 3D Stereo Noise ·KPT Glass Lens · KPT Page Curl · KPT Planar Tile · KPT Seamless Welder · KPT Twirl · KPT Video Feedback · KPT Vortex Tile · KPT Noise f/x · KPT Gaussian f/x · KPT Pixel f/x · KPT Smudge f/x · KPT Edge f/x · KPT Intensity f/x

· KPT Interform - A major animation utility dedicated to the task of animating the morphing of textures over time. Dozens of preset motion trajectories, realtime "scooting" by hand, compositing with a source image in realtime, and animation capabilities make this the killer thing for animated textures, backdrops, and more. The mother texture and the father texture mix together to make offspring, and then the children grow up to make movies... hmmm... ;)

· KPT Texture Explorer (new) - Loaded with a brand new texture engine which supports multilayered textures, infinite (as opposed to tiled) patterns, realtime panning and zooming and rotation.   The full version also contains live tweaking of colors, contrast, brightness, graphical presets and full screen previews. It's as if the Convolver were packed right into KPT Texture Explorer!

· KPT Gradient Designer - The full version contains live tweaking of colors, contrast, brightness, graphical presets and full screen previews.

· KPT Spheroid Designer - The full version contains full screen previews, memory dots, graphical presets, the ability to create and save sphere animations, multi-sphere arrangements and mutation controls.

· KPT Lens fx - A high precision graphic effects instrument, containing all of the space covered previously by KPT 2.0's "one-step" filters; and then multiplied by at least a hundred. Add in the ability to drag the lens anywhere onscreen, watching the changes in realtime as you drag... The lenses even cast shadows on your screen... The full version contains the added filters: Gaussian Blur, Pixelate, Smudge, Intensity, Edge and Noise;)

· KPT Page Curl - Page Curl provides you with a single-step, interactive tool for curling the edges of an image. The ability to curl at all angles and real time previewing before you apply have been added.

· KPT Planar Tiling - Creates infinitely tiled infinite planes out of any image!

· KPT Vortex Tiling - An interactive tiling tool that makes multiple copies of the selected image and places them spinning down a vortex path.

· KPT Seamless Welder - a single step solution to creating seamless tiles that features real-time previewing.

· KPT 3D Stereo Noise - a simple way to create 3D stereoscopic images in black & white or color.

· KPT Glass Lens - a single step filter for creating a 3D raytraced sphere out of any selection.

· Graphical Presets - View and pick from all of your presets as graphics! Hundreds are included, and you can add thousands more!

· **Full Screen Previews** - four times larger than before, and faster too...!

· And hundreds of other changes and hidden surprises!

To Install KPT3 SE:
Please follow these steps to successfully install Kai's Power Tools 3:

If necessary, launch Microsoft Windows (NT or 95). Insert the installation disk into your CD-ROM drive or floppy disk drive. If you are using Windows NT, select the Run command from the File menu. If you are using Windows 95, select the Run command from the Start menu. Type in the letter corresponding to your CD-ROM drive/floppy disk drive followed by ":\setup" (i.e. type "d:\setup" if your CD-ROM drive is the "D" drive) and click the OK button or hit the Enter key on the keyboard.

System Requirements
IBM PC or compatible 486; see the host application's manual for RAM requirements; 16-bit video; Windows '95 or Windows NT; applications that 100% support the Adobe plug-in specification; CD-ROM drive.
Recommended: Pentium processor; 16 MB RAM; 24-bit video.

Host Application Compatibility
We are fully compliant with Adobes Plug-in standard, and therefore KPT3 will run most effectively under Adobe Photoshop™. While there are many other companies that claim to accept Adobe-compatible plug-ins, there are those who do not fully or correctly implement Adobes specifications. In these cases, KPT3 may not be able to run properly. We cannot, therefore, make any guarantees about compatibility with anything other than Adobe Photoshop™. Should you encounter any problems with other host applications, please consult their manual or contact the manufacturer for further assistance.

Talk To Us
On America Online, we can be reached by using the keyword KPT to go to our online forum, or you may send e-mail directly to KPTSupport for general questions. Also, visit our World Wide Web site at http://www.metatools.com.

If you are not on America Online, you can send us e-mail via any Internet gateway. Our Internet address is kptsupport@aol.com. Registered users may also contact our Technical Support Department, Monday through Friday, 9:00 am to 5:00 pm Pacific Standard Time, at (805) 566-6200.

We invite you to get online and join the rapidly growing group of graphics professionals and enthusiasts who share knowledge and ideas in our weekly America Online live chat, often hosted by Kai himself. Currently we meet Tuesday nights at 7:30 pm Pacific Time. Use Keyword KPT to enter our forum, and click on the Meta Chat button to enter the fray!

Limited Use License Agreement

You should carefully read the following terms and conditions before opening this package. By opening the package you are agreeing and indicating your acceptance of these terms and conditions. If you do not agree with them you should return the package unopened to the dealer from whom you purchased and your money will be refunded. If the dealer from whom you purchased this package fails to refund your money, contact MetaTools, Inc. immediately at the address below.

MetaTools, Inc. (hereinafter referred to as Company), a California based Corporation, provides the computer software (hereinafter referred to as Program) contained on the medium in this package and licenses its use. You assume full responsibility for the selection of the Program to achieve your intended results and for the installation, use and results obtained from the Program.

License

A.	In consideration of the payment of a license fee, you are granted a personal, non-transferable and non-exclusive license to use the Program under the terms stated in the Agreement. You own the diskette or other physical media on which the Program is provided under the terms of this Agreement, but all title and ownership of the Program and enclosed related documentation (hereinafter referred to as Documentation), and all other rights not expressly granted to you under this Agreement, remain with the Company.

B.	The Program may be used by you only on a single computer. Therefore, you must treat this software just like a book. With the exception of Item D below, just like a book means that this software may be used by any number of people and may be freely moved from one computer location to another, so long as there is no possibility of it being used at one location while the same copy is at the same time being used at another location. Just as the same copy of a book cannot be read by two different people in two different places at the same time, neither can the same copy of software be used by two different people in two different places at the same time. Site licenses for multiple single users are available. Contact MetaTools, Inc. for details.

C.	You and your employees and agents are required to protect the confidentiality of the Program. You may not distribute or otherwise make the Program or Documentation available to any third party.

D.	You may not copy or reproduce the Program or Documentation for any purpose except to make one (1) archival copy of the Program, in machine readable or printed form for back up purposes only in support of your use of the Program on a single computer. You must reproduce and include the Company copyright notice on the backup copy of the Program.

E.	Any portion of the Program merged into or used in conjunction with another program will continue to be the property of the Company and subject to the terms and condition of this Agreement. You must reproduce and include Company's copyright notice on any portion merged in or used in conjunction with another program.

F.	You may not sublease, assign or otherwise transfer the Program or this license to any other person without the prior written consent of Company.

G.	You acknowledge that you are receiving on a LIMITED LICENSE TO USE the Program and Documentation and that the Company retains title to the Program and Documentation. You acknowledge that Company has a valuable proprietary interest in the Program and Documentation. You may not use, copy, modify or transfer the Program or Documentation or any copy, modification or merged portion in whole or in part except as expressly provided for in this Agreement. If you transfer possession of any copy modification or merged portion of the Program or Documentation to another party, your license is automatically terminated.

H.	If you have purchased a NETWORK version of the software, this license agreement applies to the installation of the software onto a single file server. It may not be copied onto multiple systems. Each node connected to the file server must also have its own node copy of the software that becomes a license for that specific user.

Term

This license granted to you is effective until terminated. You may terminate it at any time by returning the Program and Documentation to Company together with all copies, modifications and merged portions in any form. The license will also terminate upon conditions set forth elsewhere in the Agreement, or if you fail to comply with any term or condition of this Agreement. You agree upon such termination to return the Program and Documentation to Company together with all copies, modifications and merged portion in any form. Upon termination, Company can also enforce any rights provided by law. The provision of this Agreement which protects the proprietary rights of Company will continue in

force after termination. Termination of this license either voluntary or involuntary does not entitle you to a refund of your purchase cost except as provided elsewhere in this License Agreement.

Limited Warranty

Company warrants, as the sole warranty, that the medium on which the Program is furnished will be free from defects in materials and workmanship under normal use and conditions for a period of ninety (90) days from the date of delivery to you as evidenced by a copy of your receipt. No distributor, dealer or any other entity or person is authorized to expand or alter either this warranty or this Agreement. Any such representations will not bind the Company. Company does not warrant that the functions contained in the Program will meet your requirements or that the operation of the Program will be uninterrupted or error-free. Except as stated above in this section, the Program and Documentation are provided as-is without warranty of any kind either expressed or implied, including but not limited to the implied warranties of merchantability and fitness for a particular purpose. You assume entire risk as it applies to the quality and performance of the Program and Documentation. Should the Program prove defective you (and not Company, authorized Company Distributor or dealer) assume the entire cost of all necessary servicing repair or correction. This warranty gives you specific legal rights and you may also have other rights which vary from state to state. Some states do not allow the exclusion of implied warranties, so the above exclusion may not apply to you.

Limitation of Remedies

Company's entire liability and remedy will be:

A.   The replacement of any medium not meeting Company's 'Limited Warranty' explained above and which is returned to Company or an authorized Company distributor or dealer with a copy or your receipt; or

B.   If Company is unable to deliver a replacement medium which conforms to the warranty provided under this Agreement, you may terminate this Agreement by returning the Program and Documentation to Company, authorized Company Distributor, or dealer from whom you obtained the Program and your license fee will be refunded.

Product Returns

If you must ship the Program and Documentation to an authorized Company Distributor, dealer or to Company, you must prepay shipping and either insure the Program and Documentation or assume all risk of loss or damage in transit. To replace a defective medium during the ninety (90) day warranty period, if you are returning the medium to Company, please send us your name and address, the defective medium and a copy of your receipt at the address provided below. In no event will Company be liable to you for any damages direct, indirect, incidental or consequential, including damages for any lost profits, lost savings or other incidental or consequential damages arising out of the use or inability to use such Program and Documentation, even if Company has been advised of the possibility of such damages or for any claim by any other party. Some states do not allow the limitation or exclusion of liability for incidental or consequential damages so the above limitation or exclusion may not apply to you. In no event will Company liability for damages to you or any other person ever exceed the amount of the license fee paid by you to use the Program regardless of the form of the claim.

US Government Restricted Rights

The Program and Documentation are provided with restricted rights. Use, duplication or disclosure by the US Government is subject to restrictions as set forth in subdivision (b) (3) (ii) of the Rights in Technical Data and Computer Software Clause at (252) 227-7013. Contractor/Manufacturer is MetaTools, Inc., 6303 Carpinteria Avenue, Carpinteria, CA 93013.

General

This Agreement is governed by the laws of the state of California (except federal law governs copyrights and register trademark(s)). If any provision of this Agreement is deemed invalid by any court having jurisdiction, that particular provision will be deemed deleted and will not affect the validity of any other provision of this Agreement. Should you have any questions concerning this Agreement, you may contact MetaTools, Inc. at the address below.
