

Please accept my compliments on one of the best products I have ever had the pleasure of owning. The [[Product Purchased]] was able to clean some of the most difficult stains in my carpet.

I would like to offer one suggestion about the [[Product Purchased]]. The swivel mount hose attachment tends to lock up when I pull the unit around the corner. If this system were improved, this would be a truly perfect product.

Thank you for producing such fine goods. I will be a customer for years.
