

You have been a valued customer of [[Your Company Name]] for several years. We are about to give you a reason to remain one for several more.

We have recently installed a new LazerPlus XG10000 multiport document station. This new machine lets us produce bound documents up to 3,000 pages in length in less than 5 minutes.

If this new service sounds like something that will help your business, please come by and I will be happy to give you a demonstration. Or call and I will send you a brochure outlining our entire line of services.

We look forward to seeing you soon.
