Table of Contents

<< Table of Contents will generate here >>

This is Heading Level 1

This template will help you create a perfectly formatted report. The major parts of the report have already been created for you - title page, table of contents, and report body.

This is Heading Level 2

Experiment with the tools on the button bar. The "Heading" buttons allow you to quickly create logical divisions in your report. After creating several headings, the "Table of Contents" button will automatically generate a complete table of contents, including page numbers!
