Timeout Control

Sets the timeout period.

Timeout

Shows the current timeout count i.e., the minutes left before the message shows up.

End Time

Shows the time at which the message will show up, according to the set timeout and the current time.

Running Display

Gives you feedback about the running status of the hourglass.

Control Buttons

Lets you start, stop and load back the hourglass with the most recently specified timeout.

Message

Enter the reminder message here.
It will be displayed when you move the cursor
over the hourglass icon, once the timeout is over.
