Additional Software from Pacific Gold Coast:

TurboZIP - Total Archive and E-mail Management! In addition to performing basic zipping, unzipping, disk spanning, and decoding functions, TurboZIP also provides automated backup, as well as multiple zipping and unzipping capabilities. It comes with built-in viewers that enable the users to manage, view, print, copy, search, launch, and virus scan files from within archives and encoded e-mails without unzipping or decoding. The unique Auto-scan and ZIP Set features make archive and e-mail management a snap.
