

Word Category Chart Three: Natural Science and Biology

Words marked with an (*) should be used in the Word Form Chart for Natural Science and Biology.

Basic Concepts

adapt*	fossil*
analogous*	habitat
behavior*	homologous
biome	metamorphosis
biosphere	oxidation*
calorie*	pasteurization*
classify*	phase
data	recycle
extinct*	sensory
fauna	species
flora	symbiosis

Cells

cyclic*	neuron
hybrid*	nucleus
mutation*	virus*

Life Forms

algae	plankton
amphibian	primate
larva	vertebrate
mammal	

Elements

carbon oxygen*
carbon dioxide

Substances

mineral trace
nutrient vitamin
protein

Genetics

DNA generation
dominant* inherited*
dormant instinct*
evolution* recessive
gene*

Plants

absorb* seed
chlorophyll spore
pigment* stem
root transport*
