INTRODUCTION

RamSmash is a program which returns control of memory management back to the user. Windows® often uses up all memory available and leaves the users computer at a slow pace. Also numerous applications that are improperly created also use up vast quantities of RAM/Memory and never reallocate this memory back to the computer. With RamSmash you can at any time reallocate memory back to your computer and gain more computer power in the process. While RAM/Memory is very inexpensive now to purchase it still is difficult for the average person to try to install and improper installation can cause major damage to a computer. Typically the average computer user has a service technician install the RAM/Memory modules which adds significant cost to the hardware upgrade. RamSmash on the other hand is cheap and affordable and can in no way harm or destroy a computer, while providing equivalent power that RAM/Memory modules would. RamSmash is quite easy to use and understand. With a few button pushes and setting changes the application is ready to work. RamSmash starts up automatically when Windows® does and manages memory according to the user's specifications. Try RamSmash for 28 days and if you find it useful please do register.

MINIMUM SYSTEM REQUIREMENTS

- * Microsoft Windows 2000, 2003, 95, 98, Me, NT 4, Vista, XP
- * Microsoft Internet Explorer 4 or higher
- * Intel Pentium 90 MHz or higher (P 166 MHz recommended)
- * 8 Mb RAM (32 Mb recommended)
- * 5 Mb hard disk space
- * VGA or higher resolution monitor
- * Mouse or other pointing device

INSTALLING THIS PRODUCT

To install this release to your computer, double click on the file ramsmash.exe that you downloaded from our website and follow the instructions that appear on the screen.

UNINSTALLING THIS PRODUCT

To uninstall this release from your computer, open the Control Panel folder and double-click the Add-Remove Program icon. Select RamSmash from the list, click the Add/Remove button, and follow the instructions that appear on the screen.

Notes:

- * You may also want to delete the following registry key(s):
 - HKEY_LOCAL_MACHINE\Software\SWIFTD OG\RamSmash
 - HKEY_CURRENT_USER\Software\SWIFTD OG\RamSmash

If you do not delete these registry entries then no effect to your computer will occur. Deleting this key allows you to completely remove all traces of the software from your computer. If you have registered the software and choose to reinstall the software after deleting these registry entries then you must input the serial number once

again within the software.

REGISTERING THIS PRODUCT

RamSmash is shareware; this means it must be purchased before all benefits of the software are available. To remove the trial restrictions within RamSmash please purchase the product online, phone, fax or by mail. RamSmash costs \$12.99 US Dollars and can be purchased from setSystems.

You can register online using your credit card. setSystems offers secure transactions for users of Netscape or Microsoft Internet Explorer. To go to the registration page for RamSmash go to:

<http://www.swiftdog.com/store/?product=ramsmash>

- OR -

You may also purchase by PayPal at:

<http://www.swiftdog.com/store/?product=ramsmash&type=paypal>

- OR -

You may also purchase by Bank/Wire Transfer at:

<http://www.swiftdog.com/store/?product=ramsmash&type=wire>

- OR -

You may also purchase by Mail with a check/money order at:

<http://www.swiftdog.com/store/?product=ramsmash&type=check>

Also you can call the toll-free number 1-888-2017131 to purchase. Callers from outside the US should call 1-719-5760115.

- OR -

Finally you can fax in the order. Include your full name, address, phone number, credit card details and your email address. Make sure to reference Product - RAMSMASH. Faxes should be sent to: 1-719-6230399.

Upon registration (allow up to 1 working day for your registration to be processed) you will receive your registration serial number. This will be sent by e-mail if an e-mail address was specified when registering. When you receive your serial number, please enter the User/Serial into the program's registration screen and hit OK. The software will then behave as a fully licensed version.

TECHNICAL SUPPORT

There are several ways which you can reach us to receive technical support. Registered customers have priority over non-registered customers in all cases. Most support questions will be handled within 24-48 hours.

[http://www.swiftdog.com/support/
support@swiftdog.com](http://www.swiftdog.com/support/support@swiftdog.com)

Questions, comments and technical support is provided between Monday - Friday from 8am - 5pm. Please note however we are closed on major holidays so replies to your requests may be significantly delayed.

DISTRIBUTION

For so long as the Software is the most current version of RamSmash distributed by SWIFTD OG, you may give exact copies of the evaluation Software to anyone. You may not charge any fee for the copy or use of the evaluation Software itself, but you may charge a distribution fee that is reasonably related to any cost you incur

distributing the evaluation Software (e.g. packaging). You must not represent in any way that you are selling the Software itself. Your distribution of the evaluation Software will not entitle you to any compensation from SWIFTD OG. You must distribute a copy of this license with any copy of the Software and anyone to whom you distribute the Software is subject to this license. You may not remove any copyright, trademark or reservation of rights language displayed on, in or with the Software. You may also not include any registration number, serials or methods to circumvent the Software protection mechanism.
