

Marathon Infinity 1.2 to 1.5 patcher

IMPORTANT: DELETE YOUR INFINITY PREFERENCES AFTER YOU APPLY THIS PATCH.

This patcher will patch the original Marathon Infinity application found on the Marathon Infinity CD-ROM.

Marathon Infinity 1.5 includes these additions/changes:

- 1) Marathon Infinity 1.5 is now InputSprocket ready which means you can now play Marathon Infinity with joysticks and gamepads.
- 2) Marathon Infinity 1.5 will not work networked with Marathon Infinity 1.2. This patch is being provided to original Marathon Infinity owners who want to play networked with others who got Infinity with the Trilogy.
- 3) Marathon Infinity 1.5 no longer requires serial numbers.
