The shareware message at quitting time is a reminder to register. The price is likely to go up in the future as we add new features. Buying now gets you all future upgrades free.

Registered users receive:

- A key to remove the reminder dialog that appears after 7 days.
- The knowledge that you are participating in the evolution of iView
- All future upgrades and enhancements are available free to registered users
- E-mail hotline tech support (rarely needed but nice)
- Email notifying you immediately of new versions
- New features, suggestions and bug fixes from registered users get top priority.
- Access to all features.
