

# Table of Contents

By clicking on the Go To Icon next to each chapter heading, you'll have instant access to all of the articles in this issue.

About This Newsletter -- General information about this document and Ambrosia as a company.

Come and meet the gang.

Info. -- Legalese and distribution information concerning The Ambrosia Times. Sign up now for your

free subscription.

What's New -- We have news about Harry the Handsome Executive, Manse, Cythera, and the results

of the Bubble Trouble Contest. We also have a new employee.

Kudos & Criticism -- Each month we dig our hands into the Ambrosia mailbag for a few select

letters to answer in this section.

President's Letter -- What's NeXT on Andrew's desk? Check out his take on our newest piece of

"official programming equipment."

Sneak a Peek at Harry -- As Harry the Handsome Executive nears beta, we have a little more to

reveal. Come and check out a sneak peek.

Bubble Trouble High Score Contest Results -- The results are in, and what a contest we had!

Come see how you fared in the BT High Score Contest!

Tom's Summer Report -- Our summer intern shares a little about his life outside the office. We

didn't even know he had one ;)

Up Close and Personal with Ben Spees -- Come and meet the maker. The Ambrosia Times get's up close with the author of Harry the Handsome Executive.

Geekette -- Gayle takes her experience with animals to a local animal shelter. Find out what volunteers really do.

Bitwise Operator -- Our resident programmer moves forward in his series of articles on Macintosh programming. This one has source code!

How To -- Cajun takes one last look at EV plug-in design in the final chapter in his three part series.

Eek A Bug! -- What can you expect from the next version of Eclipse? Cajun lists the intended changes for the next version of our popular screen saver.

Ramblings -- What can we learn from some of the darker areas of the Internet? Michael looks at some of the technologies being developed in places of which we do not speak.
