

About this patch...

This patch will update Eric's Ultimate Solitaire CD 1.0, 1.0.1, and 1.1 to version 1.2. When you hit the "Patch" button, it will ask you to find your copy of Eric's Ultimate Solitaire CD. It'll take a minute or two to update your old version. You can drag the old version to the trash once the patcher is done. The new version of Ultimate will be called "Eric's Solitaire CD 1.2."
