

The lowest tab on the left side labeled "Merchant Marine" compares the Powers' total number of cargo holds in all merchant shipping.

"World Exports" measures the total amount of items sold and delivered to other countries throughout the game so far.

"Industry" is a measure of the total amount of goods (including arms) produced by each Power in the game.

"Labor" compares the total labor available for industry.

"Overseas Profits" measures the total amount earned through development and exploitation of Minor Nations (including colonies).

"Internal Transport" is a comparison of the total transport capacity available to each Great Power on its transport ledger.
