SHAREWARE

Burning Monkey is a "professional" product that represents the hard work of a number of people. By distributing Burning Monkey as a shareware product, Freeverse is able to sell it for substantially less than software which is sold through common distribution channels. What we save, we pass on to you.

Your support of this method of distribution will result in better software for less.

LEGAL STUFF

Freeverse reserves the right to make modifications or improvements to Burning Monkey at any time and without notice.

THE SHORT FORM:

Use at your own risk.
Yadda, Yadda, Yadda.

THE LONG FORM:

This software is provided as-is. In no event will Freeverse or Bryan Horling ("WE") be liable to you for any special damages, including any lost profits, lost savings or consequential or incidental damages resulting from the use of this software,

even if WE or any software representative have been advised of the possibility of such damages.

Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusion may not apply to you.

THE REALLY LONG FORM:

Send a self-addressed stamped box and we'll send you our lawyers. Please feed them.
