

Using the HP DeskWriter 600 Series Printer Guide

About the HP DW 600 Series Printer Guide

The HP DW 600 Series Printer Guide is an on-line help system that walks you through each step of the specific task you are working on. It provides interactive help to common questions with the use of on screen visual devices known as "Coachmarking". The HP DW 600 Series Printer Guide can help with any task that relates to printing on your HP DW 600 Series Printer. You can choose the "Topics" button and scroll through the list of topics, to choose the topic that you currently need help on. You can choose the "Index" button and scroll alphabetically through a list of topics to look up the topic that you currently need help on. You can choose the "Look For" button and type in the topic that you currently need help on and the HP DW 600 Series Printer Guide will search for and give you help on that topic.

How do I access the HP DW 600 Series Printer Guide

The "doorways" to this help system are as follows:

1. In the upper-right corner of your menu bar, there is a "?" question mark icon. You can access your HP DW 600 Series Printer Guide by clicking on this drop down menu and choosing "HP DW 600 Series Printer Guide".

Note: If you do not see "HP DW 600 Series Printer Guide" in this drop down menu, you need to click out of your current application onto your desktop in order to be at the "Finder". Then click on the "?" icon.

2. If you are currently working within a software application and you want to access your printer guide, you can choose "Print" or "Page Setup" from the "File" menu. There will be a "Help" button in both of these dialog boxes that will take you to your HP DW 600 Series Printer Guide.

3. Also within the "Print" or "Page Setup" dialog boxes are the "Service" and "Options" buttons. There will be a "Help" button within the "Service" and "Options" dialog boxes that will take you to your HP DW 600 Series Printer Guide.

System requirements for accessing the HP DW 600 Series Printer Guide

If you do not have System 7.5.5 (or newer) version of System Software, you will need to install Apple Guide 2.0 in order for your system to recognize the DW 600 Series Printer Guide.
