

Grandma's Game

Top cards of tableaux may be moved to the foundations.

Deal a card by clicking the hand. The card is placed on the tableau pile whose position matches the card's rank, then that pile is moved to the workspace and fanned out.

Workspace cards are all available for play on the foundations. They may also be reordered within their fan.

Foundations build up (or down) in suit from the Ace (or King). Top cards are available for play on the other foundation of the same suit.

Goal: Move all cards to the foundations.
