

Kaleidoscope registrations are handled by Kagi, a payment processing service. To register, use the enclosed "Register" application to create a customized form, which you then send to Kagi, whose address is given on the form. The "How to Register" document gives detailed step-by-step instructions.

Alternatively, you can register via credit card using the Kagi Online Order Processing service. Their secure web site is <<http://order.kagi.com/?GL&S>>.

Once Kagi processes your payment, which takes up to a week, they e-mail you the registration code in a message with subject "Thanks for your payment".
