Mac OS Internet Customer Help Sheet No.39
"File Installation List For Exchange Client for Macintosh"

This document is a complete listing of all the files installed by the various Exchange Client versions for Macintosh. The information in this article has the following format:

```
Folder name and location (default)
   File name    {Processor} Short comment
      Long comment
```

{Processor} is the computer's processor type. If not specified, the file is installed regardless of processor type. Processors and their abbreviations in this document are:

```
   68K - Motorola 68030 and 68040 processors
   PPC - Motorola PowerPC processors
```
