

Kaboom! Sounds

What it is

When you grow bored with the simple beep or the other spare sounds that come with your Mac System software, it's time for a change. And we've got it for you, in the form of several saucy, sassy sound files from the award-winning Kaboom! collection of Mac sound effects from Nova Development. The back pages of this book contain special offers for the complete Kaboom! package.

What you need

Any System 7 Mac, or a System 6 Mac with a program like SoundMover or ResEdit to convert it to a System 6-compatible format.

Installation summary

Open the SOFTWARE SAMPLER folder on the CD-ROM. Open the Kaboom! Sounds folder; if you like, drag the Kaboom! Sound icons to your hard drive. Just double-click to hear a sound. Or drop it onto your System Folder icon to install it into your system.

Notes and credits

This special collection of Kaboom Sounds is brought to you by special arrangement with Nova Development, 800-395-NOVA.
