

Ultimate Adventure

Ultimate Adventures is proud to introduce our newest, most exciting travel package: The Nepal Adventure. Ultimate Adventures designs exotic vacation adventures to far-away places for small groups of our most demanding clients. We'll plan *everything* using experienced guides, our global network of affiliates, and a dash of creativity to fashion a once in a lifetime experience. Adventures currently under development include a Rio adventure expedition and a three week sojourn through the beach kingdom.

Our well seasoned guides—many of whom have lived in the destination countries while pursuing advanced degrees—will lead you on an authentic trek expedition in Nepal through the tundra and snow-capped mountains. Nepal is captivating and widely recognized as one of the most beautiful regions in the world. From our Adventure Base Camp at a 13,000 foot elevation, you'll face Mt. Everest, proudly profiling some of the world's most striking peaks reaching 29,028 feet. This is an experience that has been described as “breathtaking” by some.

Also notice that we've priced this adventure in a range that is easily attainable. Ultimate Adventures is dedicated to bringing you worldly vacations, without costing you the world.
