

# oice Recognition

In order to use Voice Recognition on your Macintosh you must have a Power Macintosh and [Apple Speech Recognition v1.5](#) installed. If you do not, Hearts Deluxe should tell you. To see about getting Speech Recognition for your Power Macintosh computer visit apple at [www.apple.com](http://www.apple.com).

If you have the Speech Manager, simply check "Voice Recognition" under the Settings Menu. A watch will appear for a few seconds while it loads and then you should be able to play Hearts by saying the names of the cards.

## Examples:

[Two of Hearts](#). [Queen of Spades](#). [Six of Diamonds](#).

The following phrases are also supported:

[Play for me](#). This is the same as clicking on the coffee cup.

[Pass](#). For clicking on the pass button.

[New Game](#). For starting a new game.

[Quit Hearts Deluxe](#). For quitting the application.

Enjoy!
