About the Snapz Pro Installer

This installer creates a folder called "Snapz Pro 1.0.0 ƒ" on your hard drive -- which contains documentation, release notes, and other important files for Snapz Pro -- and places the latest version of Snapz Pro™ in your Control Panels folder.

Installing the Software
• If you are using any anti-virus utility other than Disinfectant™, please turn it off before proceeding. Anti-virus utilities such as Virex™ or SAM™ tend to interfere with installers.

• Use the Drive button to select the disk where you would like to have the software installed.

• Click the Install button to begin the installation. The installer will place all files in a folder named "Snapz Pro 1.0.0 ƒ" on the selected disk.
