

# ShareDraw™ Users Guide

## Version 2.0

ShareDraw is a powerful, full-featured drawing application provided as shareware from Peirce Software, Inc. This means that you can try out ShareDraw for a limited amount of time. If you find it useful, we ask that you register your copy for \$24.95 US. Once you have registered, we will send you a registration number that will allow you to turn off the registration reminder and turn off Help in ShareDraw.

To register, just print out the registration form from the ShareDraw splash screen and send or fax it, along with your check or credit card information (including expiration date) to:

Peirce Software, Inc.  
1417 Selborn Place  
San Jose, CA 95126

Fax:  
+1  
(408) 295-9433

internet:  
[sharedraw@peircesw.com](mailto:sharedraw@peircesw.com)

### Minimum equipment requirements:

- A Macintosh computer (MacPlus or better) or Power Macintosh
- System 6.07 or higher

### Compatibility

ShareDraw is compatible with files created by Michael's Draw, Expert Draw, and the Expert Design series for the Macintosh.

Share can import any PICT, MacPaint or EPSF file and can export PICT and EPSF files.

### Other products from Peirce Software

Peirce Print Tools - the premier collection of QuickDraw GX printing extensions. Included are nine tools: Watermark, Border, Pamphlet, PaperSaver, InkSaver, DoubleSider, BackToFront, and Log. It works with any application - even ones that don't yet support the new GX printing dialogs.

DeskPicture - (shareware) lets you replace your desktop pattern with up to 16 different pictures per monitor. It can change between different pictures at random or at certain time intervals.

AppSizer - (shareware) lets you control the memory size of an application as you launch it. Just hold down the command key as you launch an application and a dialog comes up that lets you control the memory usage of that application. If you sometimes want an app to use lots of memory and other times want it to use a little memory, AppSizer is for you.

If you have any further questions you can reach Peirce Software at +1 (408) 244-6554 during business hours (9am-5pm Pacific Time). Peirce Software can also be reached at the following electronic addresses:
