SMOOTHPAY™

PAYROLL FOR WINDOWS®

VERSION 4.0

SmoothPay has proven its power and ease of use in the five years since its development for the New Zealand market and is a leader in simple interface design and functionality.

Suitable for small to medium employers (1-600 employees), SmoothPay supports various timeclock file formats for import and can be customised to meet your requirements.

Automatic production of IR345 and IR348 reports, ir-File, e-Bank files and costing analysis provides you with more time to get on with business.

Our FREE 12 months support and upgrades policy, minimal effort pay exception processing and automatic use of the correct PAYE and ACC employer premium rates makes SmoothPay an excellent choice for your payroll processing needs.
