Enter your registration information on this screen.

To enter registration information
1 In the Name box, type your name.
2 In the Company box, type your company's name if applicable.

To continue
▶   Choose the Next button.

To exit
▶   Choose the Exit button to exit from Setup.

▶

This screen prompts you to confirm the registration information you entered in the previous screen.

To continue
▶   Choose the Next button to save this information and continue Setup.

To edit registration information
▶   Choose the Back button to return to the previous screen and change this information.

To exit
▶   Choose the Exit button to exit from Setup.

▶

This screen lets you select the type of sound board you will use with VoicePad Pro.

To select a sound board
▶   Accept the displayed values or select a different type of sound board from the drop-down list.   For any of the following sound boards, select Other Mwave: Standard Office F/X board, IBM MultiMedia modem, ACE modem, ObJIX modem, or Tecmar MegaPhone board.

To continue
▶   Choose the Next button.

To exit
▶   Choose the Exit button to exit from Setup.

▶

This screen lets you change the Kurzweil APA sound board configuration.

To change the current settings

▶   Select new values from the drop-down lists.

I/O Address: Change the I/O address if the default setting conflicts with another device.   If you change the I/O address, you must also change switches on the board according to this table:

I/O Address	Switches							
	1	2	3	4	5	6	7	8
290	On	Off	On	On	Off	On	Off	On
298	Off	Off	On	On	Off	On	Off	On
2A0	On	On	Off	On	Off	On	Off	On
2A8	Off	On	Off	On	Off	On	Off	On
280	On	On	On	On	Off	On	Off	On
288	Off	On	On	On	Off	On	Off	On

Interrupt: Change the interrupt if the default value conflicts with another device. Suggested alternate settings are 2, 3, or 5.

To continue

▶   Choose the Next button.

To exit

▶   Choose the Exit button to exit from Setup.

▶

This screen lets you compare the **Space Required** and **Space Available** figures to see if you need to make a change in the installation directory for VoicePad Pro.

To change the setup directory location

1 Choose the Change Directory button.
2 Type the name of the new directory, including the path; or use the Browse button to locate the directory.
   EXAMPLE: C:\MYAPPS\VPWIN.
3 Choose the Next button.

To continue

▶   When you are satisfied with the directory, choose the Install Files button.   VoicePad Pro begins installing the files.

To exit

▶   Choose the Exit button to exit from Setup.
