

## **BasCode Version 1.2 For Windows**

### **Registration**

To register for the program, please send **£10 (ten pounds sterling)** to the address below and you will receive an updated copy of the program (Version 1.x or 2.0).

Other hard currencies are accepted, please use an appropriate exchange rate to achieve a similar value as above.

Remember ,most of the fee will cover the program update. So any additional donations will be gratefully accepted.
